

SNAX

SPECIAL GUEST STAR

Special Guest Star is the name of the latest collection of tunes by electronic soul artist Snax, released digitally on his own imprint, Random Records. For this, his third full LP, Snax called upon the talents of many of his lovely and talented friends to lend their voices, soul and magic.

The guest list includes Eric D. Clark, Jamie Lidell, Ms. Le Bomb, G. Rizo and last but not least, The Snackettes (Nadine Borau, Alessandro Tartari and Jules Etienne) who have been touring with Snax over the past year and a half.

From the house flavored title track, to the mid tempo funk of “Can’t Be Bothered”, to the slamming party track “Get In Trouble”, to the spiritual meditation “Back To Start”, Snax covers a lot of ground this go ‘round.

Says Snax about the sessions; “I started putting the album together when I had a studio in Kreuzberg, in the same building where Mocky, Jamie, Planning To Rock and several others also were recording. So it was a real creative, group feeling, which is exactly what I was looking for after recording alone for so long. Some of the collabs were planned but others happened real spontaneously, like with Jamie who co-produced ‘Back To Start’ with me. The track with Eric, ‘The Spark’ occurred over several sessions, but that was necessary to create the epic party sound we were after!”

Snax is also very excited about the video for “Can’t Be Bothered”, which he directed himself and which was shot at none other than the legendary Berlin nightspot, Ficken 3000. The video can now be seen on Snax’s You Tube channel ([link below](#)).

The release of Snax’s new LP also coincides with his brand new blog launched in March 2010. Visit World of Snax for news, free tracks, pics, videos, contests, merch and more!

So let’s take it all too far, let him show you how great we are...Snax wants to be your *Special Guest Star*!
